

NASSA-X

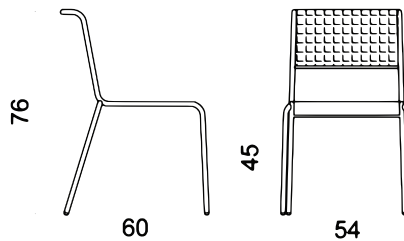

Sedia impilabile realizzata con corda nautica ad altissima resistenza e durabilità. Risulta essere per questo perfetta per un utilizzo esterno, grazie alla struttura in acciaio verniciato previo trattamento cataforesi. Disponibile con o senza braccioli. **Realizzata totalmente in Italia grazie alle mani di abili artigiani.**

La lavorazione della cordatura è realizzata solamente a mano grazie alla lunga esperienza e manualità di abili artigiani. Ogni dettaglio è particolarmente curato garantendo una lavorazione corretta e priva di difetti. Tutti gli articoli sono controllati minuziosamente dagli addetti al controllo qualità prima della spedizione garantendo lo standard qualitativo SAGAX.

Stacking chair with top notch nautical rope which makes the chair suitable either for indoor and outdoor use, thanks to a specific anti-rust treatment applied to the steel frame. Available with or without armrests. **Made totally in Italy by the hands of skilled craftsmen.**

The working of the stringing is made only by hand thanks to the long experience and manuality of skilled craftsmen. Each detail has been particularly cared by ensuring a free of defects and correct working. All items are checked carefully by quality control experts before shipment ensuring the SAGAX quality standard.
